## TOURIST ARRIVALS: YEAR IN REVIEW

**Research and Statistics Department  
Ministry of Tourism, Economic Development,  
Investment & Energy**

## **Foreword**

This report provides a quantitative analysis of visitors to Antigua and Barbuda for the year 2014.

The quantitative data was collected from the immigration cards of arriving passengers, via ports at V.C. Bird International Airport, Nelson Dockyard, Jolly Harbour, Deep Water Harbour, Heritage Quay, and Barbuda. The data was compiled by the Research and Statistics Department in the Ministry of Tourism, Economic Development, Investment & Energy, in collaboration with the Statistics Division within the Ministry of Trade, Commerce and Industry, Sports, Culture and National Festivals.

## Overview

In 2014, a total of 789,580 visitor arrivals were recorded. Table 1 below shows the breakdown of these arrivals by air and sea. A little over 30% of the total figures are stay-over arrivals by air, and the remaining are visitors by sea. The year 2011 recorded the largest number of visitor arrivals at 893,637 and 2014 the lowest at 789,580. As seen in Figure 1, total visitor arrivals have declined 0.7% from 2013 (795,326) to 2014 (789,580), with an average growth rate of -0.55% for the years 2010 to 2014.

## Air Arrivals

The year 2014 recorded 249,316 visitor arrivals by air to Antigua, 2.5% greater than 2013. This trend has been fairly consistent, with 2014 recording the highest number of visitor arrivals, and 2010 recording the lowest at 229,943. The average growth rate for the years 2010 to 2014 was 2.1%. Figure 3 shows that the highest number of arrivals was during the winter months of January through March, declining in April, spiking briefly in July, declining once again in August, and inclining steadily to December, into January through March. This trend is consistent for both 2013 and 2014.
